

Getting Started Guide

What are **VideosToGo™**?

A set of short video tutorials showing you how to use your BlackBerry that you watch right on your BlackBerry.

Can I watch these on my computer?

Yes. Locate the **VideosNow™** product online or on the CD that came with these videos.

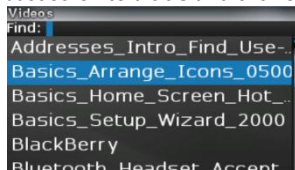

How to Watch the Videos:

Before you get started, make sure the Media Card which contains the videos has been inserted into your BlackBerry.

1. On your BlackBerry, press and click on the

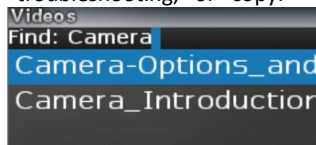

2. Press and click on "Videos"  or 
3. Just scroll to a title and click on it to watch it.

Finding a Specific Video:

1. After you clicked on the "Media" icon and "Videos" ...
2. Just type a keyword in the FIND field at the top of the video list like "email," "camera," "troubleshooting," or "copy."

3. Now, the BlackBerry will 'FIND' and show you a list of only videos whose titles match your keyword or keywords.
4. Click on the selected video to watch it.

Adjusting Volume:

Use the dedicated volume up/down keys on the upper right side of your BlackBerry.

TRY WHAT YOU ARE LEARNING:

1. While watching any video, press the **Red Phone key**.
2. This will instantly jump you back to the "Home Screen" with icons.
3. Now, just start any icon and try out what you

learned.

4. To get back to the video, just press the Menu Key and select "Now Playing..." near the top.
5. Your video will be paused where you left off... press the **PLAY** button to start playing the video again.

How to PAUSE the Video you are watching:

1. While the video is playing, if you are in 'Full Screen' mode, press the Escape (rounded arrow) key to see the controls at the bottom of the screen.
2. Click the PAUSE button (two vertical lines). Click again to restart the video.

How to RESTART the Video you are watching:

1. While the video is playing, if you are in 'Full Screen' mode, press the Escape (rounded arrow) key to see the controls at the bottom of the screen.
2. Click the square ("STOP") button to start the video over at the beginning. Then click the Play button (triangle by itself) to start the video playing again.
3. Click the triangle with the line to the left to go to the previous video, press and click the bottom left soft key to go to the previous video, press and click the bottom right soft key to go to the next video.
